

**A NEW  
YEAR**

**FRESH  
OPPORTUNITY**

**READY FOR  
SOMETHING  
DIFFERENT?**

## **There is nothing like ISIS Direct in the industry!**

ISIS Direct is not the traditional ISO/agent model most prominent in the credit card processing industry. This revolutionary new sales channel offers rapid financial growth and career advancement based on its non-traditional, down-line structure.

## **Are you looking for something new and unique?**

We are looking to hire an additional 50 Field Managers and 300 account consultants in the next year, and as an experienced sales professional in the payment processing industry, we know you will be interested.

With ISIS Direct, you will recruit your own sales associates to work directly with you to acquire new merchant accounts. Once trained, your team members can then begin recruiting and training their own associates, branching out with their own team, but still part of your sales force operation. (This is the hierarchical aspect of the ISIS Direct model.) As your team grows, you advance upward in the organization and your income increases.

## **What are your goals for 2011?**

You can have your own sales office in 90 days, and we will help you every step of the way.

You and your team will be given training, as well as assistance with recruiting, prospects and pre-set appointments. In addition, we have an extensive operations infrastructure to help you succeed.

We know you'll be just as excited about ISIS Direct as we are.
